

GDS and IDS connectivity system for tourism

Sell your hotel around the world

What do you need? To be accessible to millions of customers and travel agents throughout the world.

We offer you Connections to the four main Global Distribution Systems (GDS) (Amadeus, Sabre, Galileo and Worldspan) through "Next Generation Seamless" connection

Direct access to thousands of webs connected to Pegasus ODD

Channel Manager by Rate Tiger

What do you gain? The opportunity for reservations in real time made by over 350,000 travel agents who use them throughout the world and millions of clients around the world.

Features

- * **Maximum degree of "Next Generation Seamless" connectivity**, which guarantees that over 350,000 travel agents throughout the world can access your rates and book your rooms.
- * **Connectivity** not only with the main online travel agencies, but also with the smaller networks, thus guaranteeing exposure to millions of consumers who make online reservations.
- * **Changes** made on rates and availability are automatically updated immediately on all the Sophisticated tools for online content management, such as lanyon, enable you to update photos and hotel descriptions all at once, saving you time and expense. The reservations are confirmed and transmitted immediately as soon as they are made.
- * **CRS tools** allow you to apply restrictions on sales and customized policies for each rate, whether they are negotiated rates or special agreements, thereby giving you complete flexibility in properly managing each channel.
- * **Connectivity with over a hundred IDS's** through the Pegasus ODD system, including Hotwire, Expedia, Hotel.de, Orbitz, Travelweb, etc.
- * **Connectivity with the main IDS's** through GDS, including Travelocity, Priceline, Cheaptickets, etc.
